

GREEK CBD FARM

**B2B HEMP CULTIVATION, PRODUCTION, AND
WHOLESALE SERVICES**

About Us

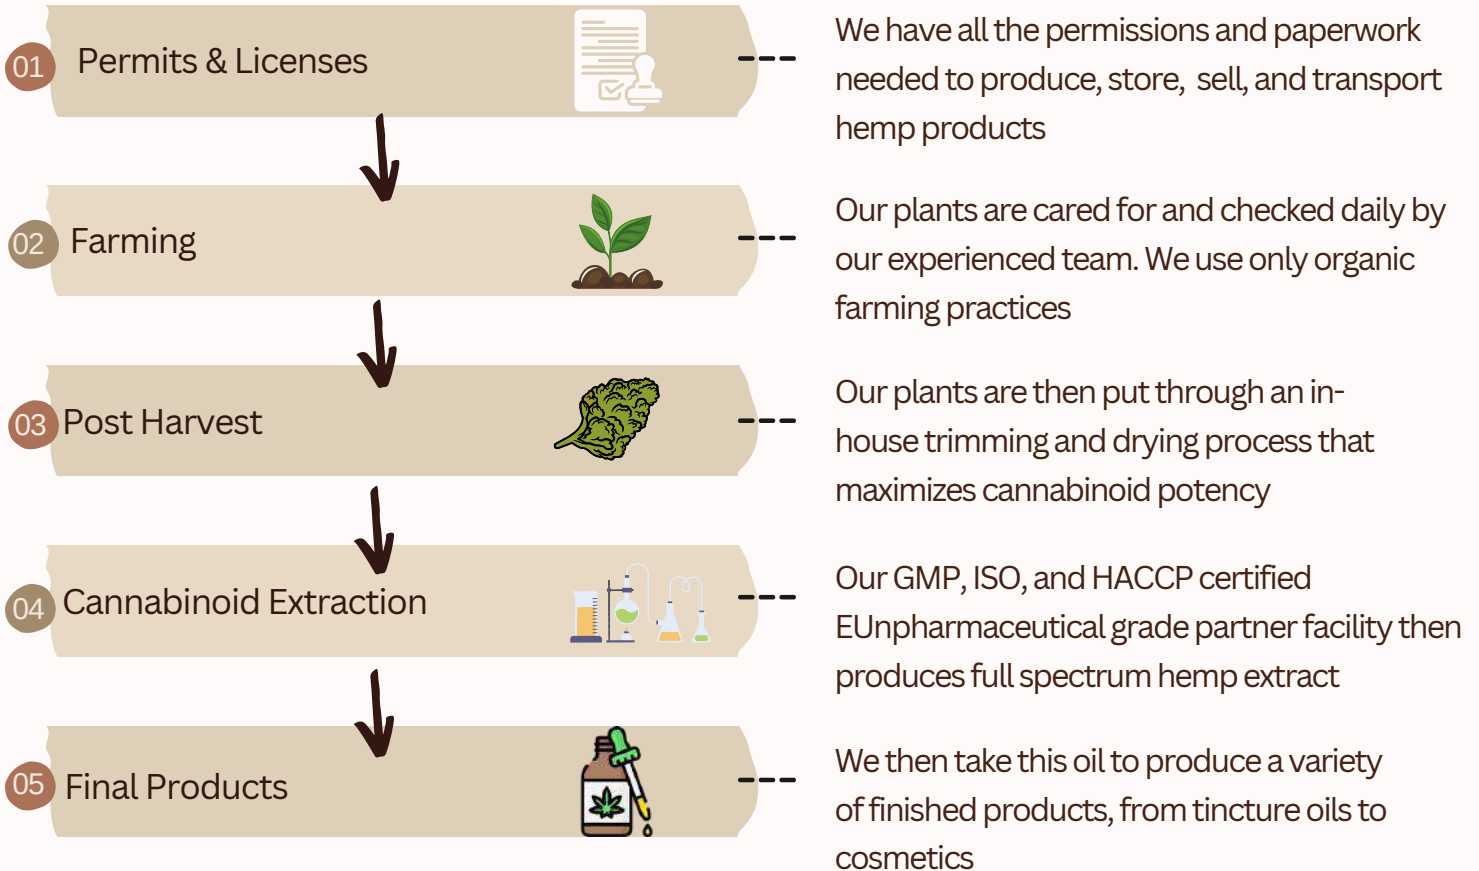

Greek CBD was founded in 2018 and has quickly become an industry leader in BIO certified organic hemp cultivation. We are B2B specialists and focus on contract farming, wholesale, and white label services. We understand that successful businesses in the cannabis industry are built on reliable and sustainable long-term partnerships. That is why we are here to help out our partners with every step of the cannabis supply chain process and add value to their businesses.

Vertical Integration: From Seed to Bottle

The Farm

This is Our Passion

We work hard to implement our knowledge and experience to deliver you natural, safe, and effective products

Every year we are advancing our business, improving our harvest yields, and increasing cannabinoid potency

Natural, Safe, and Effective

The ideal cannabis growing conditions of the fertile valleys of Greece are hard to beat anywhere in the world. This, combined with decades of combined experience, and a strict focus on using only BIO organic cultivation techniques means that we are confident we have some of the highest quality CBD bud on the market.

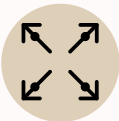

BIO Contract Farming

- One of our signature B2B services is the third party growing (contract farming) of high CBD or CBG plants using only organic cultivation techniques.
- Working with us is simple. When you grow with us, the plants are YOURS. Work with us until any point in the production process. We can provide everything from hand trimmed CBD/CBG bud to bottled full spectrum hemp extracts.
- We are guided by a socially ethical and environmentally conscious approach with safety and quality being our priority.

Grow With Us

THE GREEK CBD DIFFERENCE

Scalable

Our production capacity is scalable, so as your business grows, we can increase production and continue to meet your needs any time

Organic

We grow on BIO certified land (20 years) and use only organic cultivation products and techniques.

High Quality Cannabis

Specially selected seeds + years of experience + BIO fields + fertile soil + Greek sunshine = Quality cannabis

Experienced and Reliable

We are experienced in the industry and are improving cannabinoid potency and harvest yields every year

Competitive Pricing

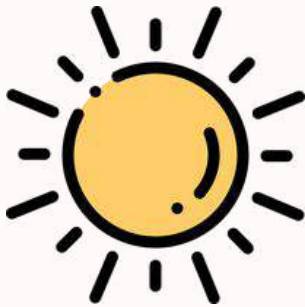

Neither the price nor quality of outdoor growing can be beat. We are confident that we offer one of the best price to quality ratio in Europe.

Flexible

Work with us until any point in the production process. Whether you're interested in trimmed bud, biomass, or oils/extracts, we can help you.

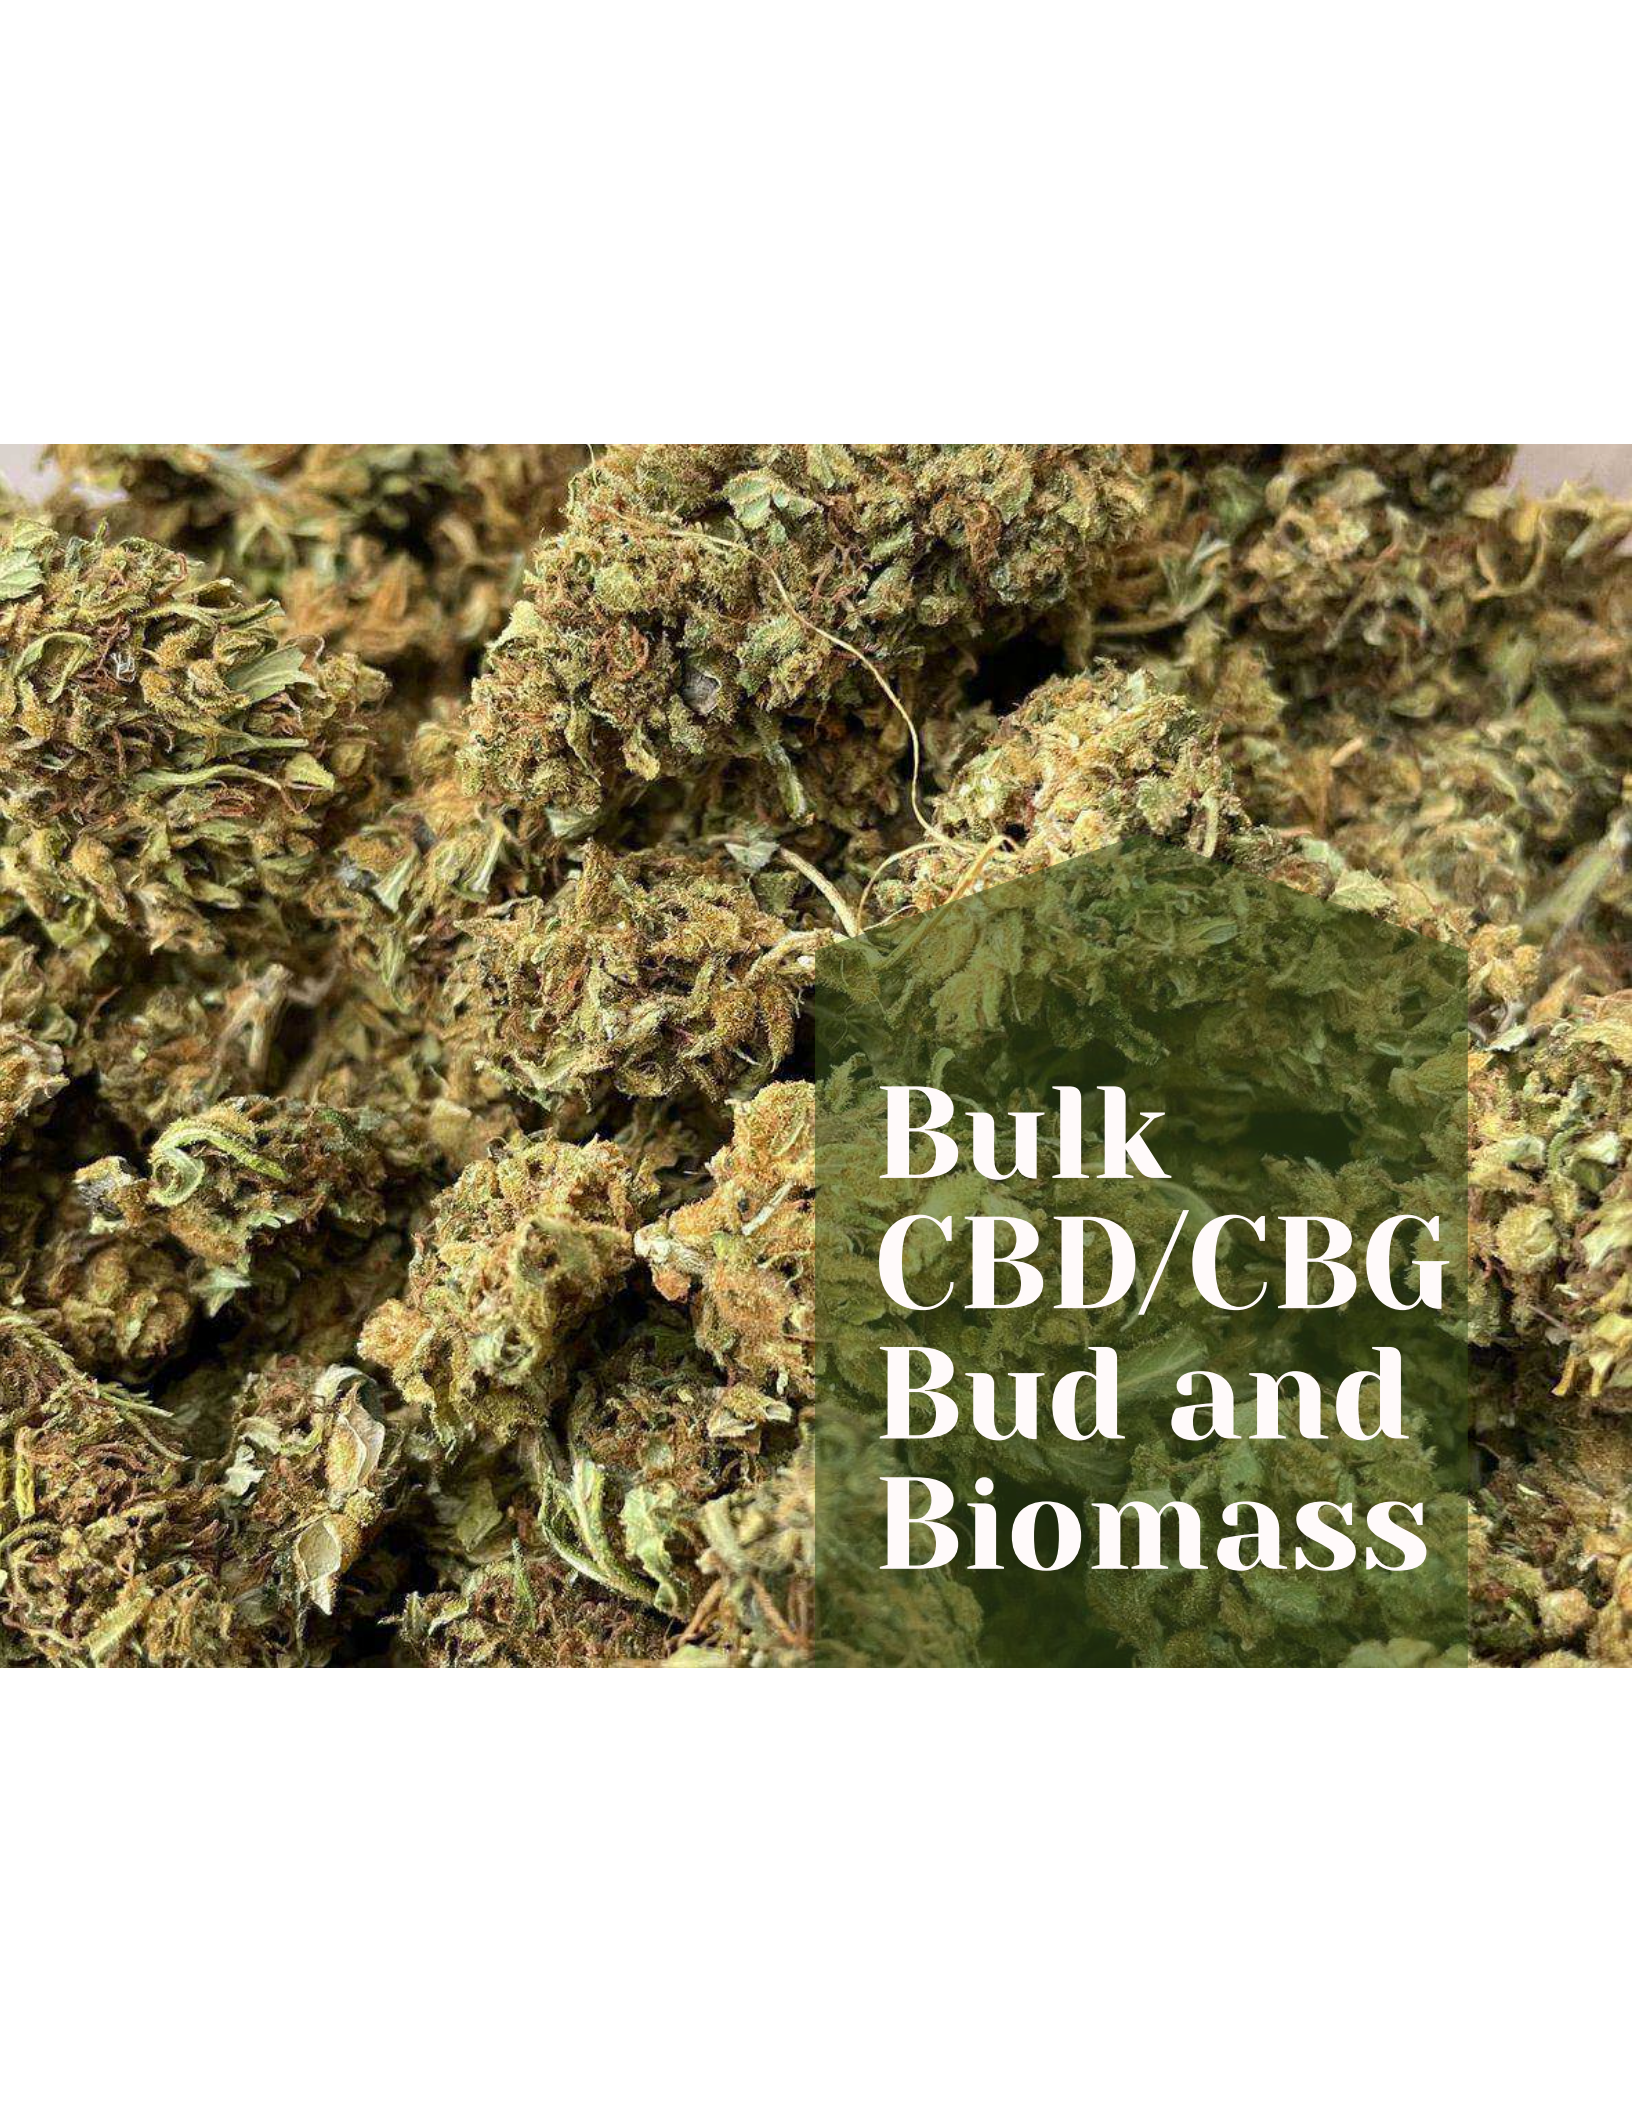

Greece: It doesn't get better

The natural sunlight and soil of the fertile valleys of central Greece give us some of the best outdoor CBD bud on the market.

We searched all over Greece to find the perfect land to grow our plants. We considered wildfire history, wind direction, other crops being grown in the vicinity, and humidity amongst many other variables.

A close-up photograph of cannabis buds and biomass. The buds are densely packed with trichomes, showing a mix of green and brownish-yellow hues. The background is a soft, out-of-focus green.

Bulk CBD/CBG Bud and Biomass

We also offer the bulk purchase of hand-trimmed BIO CBD/CBG bud grown on our farm. Our buds are tasty, potent, and high in CBD content, while being completely legal and compliant with EU regulations

Natural, Safe & Effective

POTENT CBD & CBG BUD

Biomass & Trim

For those interested in high CBD/CBG cannabis plant biomass, we also offer machine trimmed cannabis for sale by the kilo. This is perfect for those looking to extract oil, or make products like tea mixes.

Seeds

For those looking to grow their own hemp plants, we have have feminized seeds of various strains, specially selected for their quality. We are passionate about the cannabis industry and stay up to date with the latest developments in the CBD/CBG seed market. All of our feminized seeds are selected from European Union approved strains of cannabis. Meaning that they are legal, and specially suited for the cultivation high CBD/CBG buds.

A cannabis leaf with serrated edges is positioned diagonally across the frame. To its right is a small, clear glass jar with a gold-colored screw cap, containing a yellowish liquid. The background is a warm, textured beige, and the entire scene is set on a wooden surface.

Extra Virgin Olive Oil

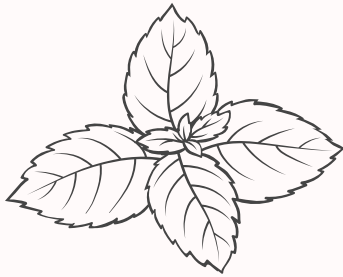

Hemp Seed Oil

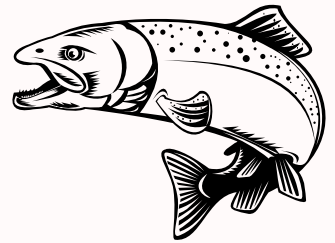

MCT Oil from Coconuts

Choose Your Carrier Oil and Taste

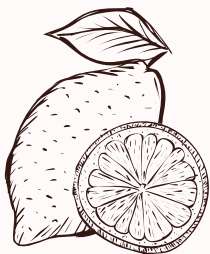

WE HAVE A VARIETY OF OPTIONS

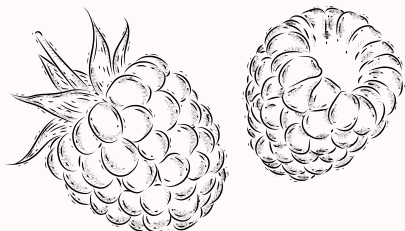

Mint (MCT)

Salmon Oil

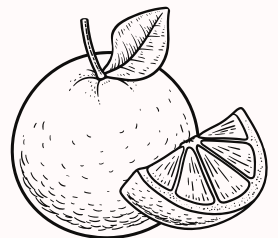

Lemon (MCT)

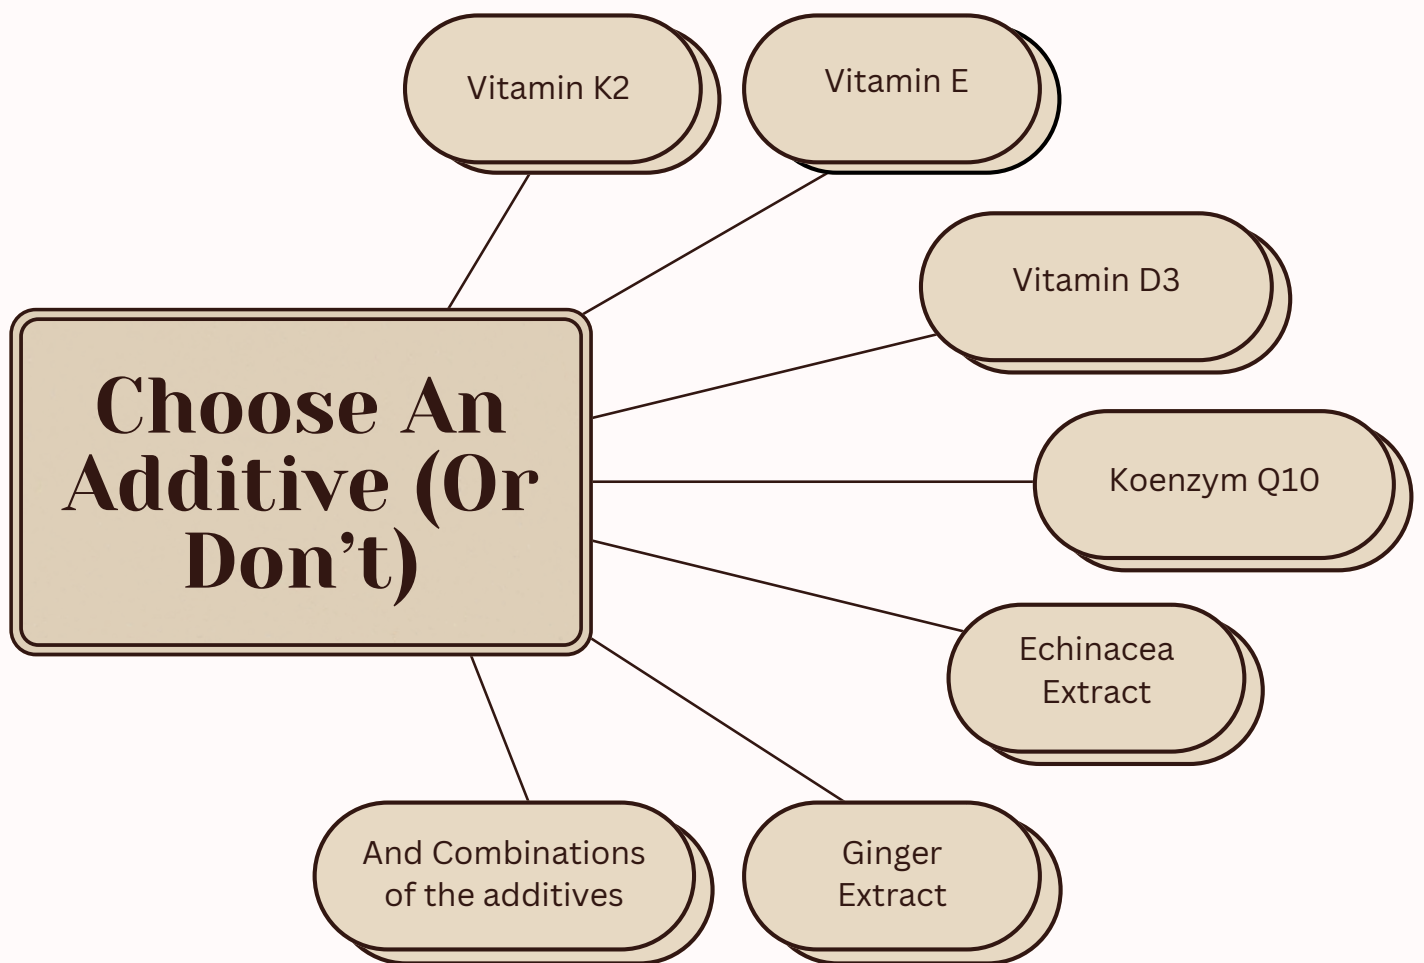

Raspberry (MCT)

Strawberry (MCT)

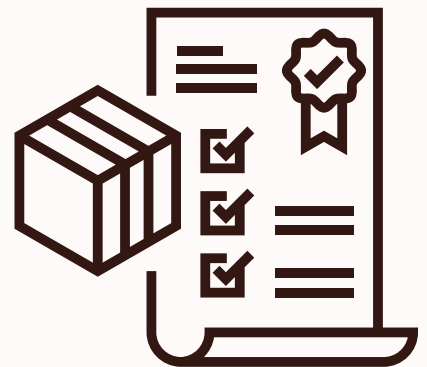

Orange (MCT)

Quality Assurance

3rd Party Lab Testing and Regulatory Compliance

Our company holds itself to the highest standards of excellence and has optimized every step of our extraction process to ensure that you're receiving only high quality hemp products.

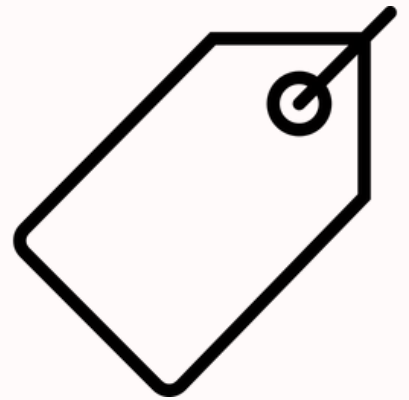

We practice in-house testing as well as certified third party testing throughout the extraction process to ensure regulatory compliance, purity, and safety.

Customized CBD Oils by the Kilo Sealed Containers

White Label & Wholesale

ENTERING THE CANNABIS INDUSTRY
HAS NEVER BEEN EASIER

A white, rectangular tag with rounded corners and a gold-colored metal ring at the bottom right corner. A light-colored, twisted string is looped through the ring. The tag is placed on a dark, textured wooden surface with visible grain and some greenish moss or lichen. The text on the tag is in a dark brown, serif font.

Whether you have your own retail brand, or work as a B2B distributor, those looking to start or add to their line of CBD/CBG products can purchase our finished and ready for sale unlabeled products.
